WHAT YOU NEED

- **Any type or age** of car can participate, as long it can handle some bush roads and tracks with gates, gullies and creek crossings.
- **Each car must have** an 80ch UHF radio for safety and vehicle to vehicle communications. A hand held (5watt) unit is OK for this day.
- **Basic safety items** for safe and comfortable bush travel. First aid kit, spare water, hats, sunscreen, a 4wd snatch/recovery strap is also recommended to be carried.
- **You will need** something to measure distance; Speedo on the cars dash board is OK, or use a GPS or smart phone app. (*app is called Rally Tripmeter. White icon with chequered flag*)
- **Your car must** be in a safe and sound mechanical condition. Must be road registered, road worthy and only driven by a licensed, sensible driver.
- **SLOW IT DOWN, IT IS NOT A RACE!** ALL regular road laws, common sense, courtesy and safe practices are essential and must be used at all times. Speeding, unsafe driving or anything unlawful or stupid is not permitted, tolerated, encouraged or endorsed.
