Road Boss
Goss!
Nov 2021

And the winner is! There is no denying that everyone was a winner out of our recent Road Boss Rally. Jumping through hoops and hurdles all year just to get the event on the road and then having to navigate tornadoes, heat waves and storms we sure had the 'we love a challenge' bar raised very high. But in true RBR spirit of adventure everyone stepped up and all was handled in our stride and continued on to successfully pull off one of our greatest ever rallies which was a very proud achievement for everyone. And when I say everyone, that is exactly what I mean 'everyone'.

While there were so many that through no fault of their own could not be out on the road with us it was still a massive RBR community effort to keep this event alive and running throughout an extremely difficult time. Whether you were locked down in Victoria, locked out in New South Wales or boxed in, in South Australia everyone played a valuable part in helping keep the RBR dream alive and going that extra mile to put on and pull off this remarkable event.

So thank you EVERYONE and my reward and show of thanks to you all is to continue on doing what we do best and power on into 2022 and beyond. The best is most certainly yet to come.

GIVIT

Ka-BOOM! \$286,000 raised for GIVIT

Even in the toughest of years our RBR network and community never fails to step up and deliver on their promise. Not only did we deliver but exceeded every expectation and handed over the largest cheque we have ever had the pleasure of writing out. Two hundred and eighty six thousand dollars. Simply astonishing and just like the rally itself, it was a massive combined effort and everyone connected to our Road Boss Rally should feel very proud and a part of this incredible achievement and show of generosity. Well done everyone and it is always a wonderful experience to now watch GIVIT grow and continue their amazing work throughout all our communities across Australia.

2021 RBR Polo Shirts We still have a number of our unique 2021 sublimated polo shirts available. Quantities and sizes are becoming limited so jump on and grab them before they vanish. We love to see our creative merchandise out and about promoting the RBR all over the world so these would make a great gift for someone you know who would enjoy wearing one of our shirts to not just look good but also help spread the good word. Win-Win! Easiest and fastest way is jump on the website and order straight off there. Our shirts are 100% Australian made.

RBR Flyer We have recently produced on mass a generic RBR promotional flyer to distribute as far and wide as we can to help promote the rally and guide interested parties back to our website and on to more detailed information. It is just a simple DL size that is undated but easy enough to read, understand and follow the prompts to go on and explore some more. We are very fortunate to have some creative and motivated people among our troops and already we have arranged for mass letter box deliveries and for them to be included in a large companies daily invoice mail distribution roll out. The flyers will be available for collection from RBR HQ in Toowoomba, GIVIT office in Milton or via our in-house ever reliable and economical RBR 'mate-freight' network which delivers all over Australia..... one way or another.

March 2022

Marching in to 2022 To kick start the year and get things rolling along we are putting on a fantastic bite size four day rally in March. Exact dates are to be confirmed however we are looking at the 13th— 17th March and will start and finish in the border town of Goondiwindi. There are a number of reasons for putting on this cracking little event and one of them is to give our southern entrants something to look forward to. It has been sad and tough for us all having them locked out and unable to get to a Road Boss Rally for nearly two years so this is one everyone can put on their calendar and look forward to. It also provides a sensational shake down for the Super or just the right size rally to sneak away for a week and have some fun. Lots of details and information yet to come but scratch this in your calendar and 'stay tuned'.

July 2022

Twenty-Two Super up, up and away

Recently we surveyed our participants who had previously registered for the Tassie to the Top End Super which was originally destined to be run in 2020 and gathered information to see how everyone is feeling about 2022. It was very pleasing to see that the majority are rip, roaring and ready to go and eager to set sail on the Super next year.

Exact dates are currently being finalised and locked in but at this stage it is looking to settle in and around the 11th—28th July 2022, give or take a few days.

Now that we know we are putting this event back on the front foot we will set about updating everything and getting it humming again all ready for the new 2022 dates. If there is anything you want or need to know about this event or have questions please feel free to contact me (RB) at anytime. While it constantly remains as work in progress and there are many unknown variables over the next few months I am happy to share with you anything that I know for certain and the direction we are heading or at least aiming for. Standby on this one but if you are willing and able you had better get yourself ready for..... 'the big one'.

GIVIT

Road Boss & Team Cosgrove Rev'n Up for Mundubbera Rally 20th Nov

RB and his big brother Noel (*aka Cap't Cruise*) will be lining up in the Dusty Devil while Col Desbrow (*aka Des Cosgrove*) with Darryl O'Brien along side will be enjoying a maiden voyage in Col's new (classic) rally car. The event is called the Three River Rally and forms a round of the Queensland Rally Championship and has attracted a high quality field of cars and drivers from around the state which is shaping up as a fast and sensational event to watch. Anyone is welcome to go there and spectate and the club is still looking for volunteers to help out on the day. If you are interesting in going or being involved give me (RB) a call and I can help guide you to the right spot and/or person.

It has been a while since either of us have been "full noise" in our rally cars so all the crew are quite eager to get out and blow some cobb webs off and have some serious fun, flat out!

Live from the East Brisbane Lair we bring you
