

# Road Boss Rally

be driven!

**2021. Another year done** It is interesting that even in strange times when days in lockdown can feel as long as a wet week that the year still flies by in the blink of an eye. Although given the situation around the world this may actually be a good thing right now.

Once again there has been chaos all around us for a second year running however I am very proud of how we managed the ever changing and unpredictable landscape to deliver an amazing Road Boss Rally event and retain our incredibly high standard of organisation and community spirit. Never will we say never and as difficult and exhausting as it is at times the long term rewards and benefits for our event, our group, our charity and our Nation as a whole far outweigh the short term pain. The 2022 horizon is once again looking hazy however we are continuing with confidence and full steam ahead. While the past two years has been an incredible challenge it has by no means been wasted. We have used every blow and knock down as a learning kerb and each time we get better at working with, around and well ahead of the uncertainty of it all. We are well placed and geared for a huge year in 2022.

So from all of the Road Boss Family; Jamie, Michelle, Jordan, Taylah, Mitch, Sara and Anna we wish you the merriest of Christmases and a safe and prosperous new year. We sincerely thank you for your never ending support and energy that you all bring to our event and each and every one of you play an incredibly important part of the ongoing success of the rally and what we contribute to society. Well done every one! Can't wait to see you soon.

**Super Dates 11th–28th July  
2022 (TBC)**

These dates are what we are currently working on for the 2022 Super and while they won't change much, we ask that you keep them a little tentative as there is still a lot of fine tuning and work going on behind the scenes before we are able to set them in concrete.

If they do change it will only be a day or two either side so they are certainly safe enough to mark your calendars and begin making initial plans. Just don't go booking anything yet. Until the new year dawns and gets in to full swing we are unable (not sensible) to work too far ahead of ourselves and over commit to anything that may change at a short notice. Our prediction was that November 2021 through to March 2022 would be utter chaos and confusion in Australia and that is exactly how it is playing out. We will just work quietly in the background while the mess unfolds and subsides then pick up and get cranking when the dust begins to settle. We are also playing with days and dates in the middle part of the event to ensure it is placed perfect for everything we want and need to do through that leg of the journey.

Initially we were waiting on the V8 Supercar calendar to be released to see if by chance the Darwin round landed near our dates however they are a month earlier than their original 2020 date so does not work at all sadly. So lock away the 11th–28th July and standby for more detailed schedules and itinerary to come along later. Mid February at this stage.

## RBR Marching along

First cab off the rank next year is our four day rally out around the golden west of the NSW/QLD border region and we are extremely excited to say this event is looking sensational and shaping up exactly as we thought it would. Expectedly it has got our RBR regulars excited and is rapidly generating a great deal of interest from all corners of the globe.

This rally is all contained within a week and captures everything that we know and love about our RBR. Amazing country, amazing people and although each day will be choc-a-block full of renown RBR challenge and adventure, you won't have to go too far before you are back at camp each day. It will be a very social and laid back event with something to cater for everyone. It is designed and perfectly placed for anyone who has ever said "I will do that one day," to come along and GIVIT a go.

Give us a call or send an email if you would like to know more or if you are ready and eager to get your name on the list, click on the button and you're away.

## Bondi Rescue still delivers

In 2019 we created and produced a television program in conjunction with the boys from Bondi Rescue. It truly was an amazing project and entertaining documentary. The program has aired on a number of occasions since then and each time it shows, we receive loads of enquires and great interest from right around the country. It was a wonderfully produced piece of television and never becomes old or out dated. Corey, Reidy, Whippet and the X8 Bondi Beast made a formidable team loaded with character and spirit of adventure. Everything the RBR is made of. We remain in touch with all the boys and while this particular adventure was their first RBR experience, safe to say it will not be their last.

## RBR Car Numbers

Everyone loves their car number and wears the unique identification and reference to their team with great pride. Most people start out picking a number at random for no real reason however once you get indelibly branded with that icon during your first rally, it remains with you until.....the day you die. Upon updating the latest list recently, it is wonderful to see so many numbers with some many memories along with plenty of new ones coming to the fore all the time. On the next page is an up to date list of all our current and active RBR participants. Although we could handle the 130 cars, thankfully they don't all come at once!

## RBR Car Numbers (as at Dec 2021)

1	<i>N/A - Highest Fundraiser</i>
000	<i>Dopey Blokes</i>
3	<i>Merc Madness</i>
4	<i>Lil Mule</i>
5	<i>Benz Boys</i>

118	Donna Smith	FlaminGo Bling	Drewdale QLD
202	Darryl O'Brien	Qwitchyabitchin	Kingsthorpe QLD
311	Ian Rogers	Groot	Caboolture QLD
353	Peter Batson	Old Bulls	Sandgate QLD
707	Barry Stubbs	Booze Brothers	Taren Point NSW

## 2022 Fundraising page

Our new MyCause fundraising page is up and running fully loaded with our current entrants for 2022. Along with some help from GIVIT we spent a lot of time canvassing and meeting with a number of on-line fundraising platforms and we are pleased to say that MyCause once again came out on top and as an added bonus, we negotiated zero platform fees charged to GIVIT from any donations. So 100% of funds donated on-line to GIVIT are passed on to them, no commission taken. Our favourite though is the fact that MyCause are 100% Australian owned using Australian banks and data storage, nothing offshore. This was a big ticket item for us and very important.
