

Road Boss Rally

be driven!

Super SENSATIONAL! Words cannot describe what anyone doing this event, is going to see, experience and enjoy, so here are a few pics that might help explain:

Road Boss Rally

SUPER twenty 22

Super SENSATIONAL cont.

Once again preparations and planning for our long awaited Super are in full swing and as it begins to take some serious shape, the true calibre of what this event will be, further comes to light. Every RBR that we set out to organise has a certain standard we will strive for and will not rest until it is achieved. Our large scale Super events are given that same commitment and dedication and we are very, VERY excited to say that what is in place and waiting for you is something quite extraordinary. The hand carved course we have blazed across the country is simply amazing and will take you into the very heart and soul of the areas we pass through and to say you will see country that very few people get to see would be quite an understatement.

From standing in the icy winds blowing straight off the Great Southern Ocean, across the snow covered midlands and the misty green and spectacular scenery of Tasmania. Across Bass Strait to the mainland and travel up through the very heart of the continent from South, to North. Out over the majestic Grampian Mountains, driving along an ancient river bed through a narrow gorge in the rugged Southern Flinders Ranges, out onto clay pans and brilliant white salt flats spanning to the horizon north of Port Augusta to continue northward to the Red Centre over rusty red, sand hills and spinifex to the spectacular weather beaten ranges that welcome you with open arms to the very heart of Australia. Half way there! North from "The Centre" to continue your cross country odyssey from bottom to the top it will be a "kids in a candy shop" wide eyed adventure filled with breathtaking ranges, desert sands, sandy creeks, stoney river beds and spanning the wide treeless plains of our richest cattle country. The further north you travel, so to will the temperature with windows coming down and T shirts on you will be edging closer to the "Top End". Hot, hard, rough and dusty country beaming with battered scarred Aussie bush pride in a land so hard and old. Big rivers, big crocodiles, big stations, big buffalos and one big Road Boss Rally adventure. The very last day on its own is worthy of the entire effort everyone will go to to do this Super event.

Words cannot even begin to describing what you will see and experience on this "across the country" journey. For anyone who will get to experience the emotion and elation of standing there on Dundee Beach watching the sunset over the Timor Sea on Thursday 28th July 2022, to look back over what you have just seen and where you have been will be left speechless and bursting with pride knowing you have just achieved and experienced something that no one else in this world has. Anyone who knows RB and how he rolls will know full well that every single event he does is unique and a once and one only, never to be repeated. You can watch from the side lines or jump right in, so speak now or forever.....

Quite seriously, if you are not entered but are thinking that you might just want to go, please contact RB immediately to discuss. Entry numbers are at capacity but if you are serious, we are too and would love to see you enjoy and share this ONCE in a life time journey.

RB: 0427 633 098

RBR Trivia; Did you know?

Our longest standing rally entrant who has done every mile of every event since the beginning is once again lining up and champing at the bit to get going on yet another amazing Road Boss Rally adventure. Car 98 John Leadbetter in his trusty 1968 XY Falcon is prepped up and ready to go. Just a bit of \$\$ dollar \$\$ raising to do now to get him to, from and across both the start and finish lines.

Great friends of his and loyal RBR supporters Ros & Les Richters have generously dedicated their time to coordinate and organise a huge night for John to ensure he gets there and back.

Details below on the Car 98 Trivia night.

Sat May 21
Westbrook Hall (Toowoomba QLD)
7.00pm

RSVP to Ros on 0412 781 269 and please don't hesitate to call if you have any queries.

Super Accommodation Alice Springs

If you are doing the Super and haven't yet arranged your accommodation in Alice Springs or not so comfortable with what you have, good news. A good quality motel that has been out of action due to it being taken over by the NT government as a Covid Quarantine facility is about to come back online in the next few weeks. The Mercure Inn will see its last Covid client this week then some time soon it will go back to normal operations. It has good off street parking with loads of room and sort of in the middle of everywhere. Not sure when you will be able to ring and book but just keep trying and get in early as once it opens up it will book out for the cooler tourist season months rather fast.

**Mercure Alice Springs Resort
34 Stott Terrace, 08 89514545**

Go Myles!

Good news on our great mate Myles Allan who continues to rally along on his long, long road to recovery. No one knows where the finish line is or just how far in to the Road Book he is but one thing is for sure, like a well built car on the toughest of Road Boss Rally roads, he will never say never and will continue to soldier on until he makes it to the end. Like all tough rallys and situations you can't do it alone and the whole RBR community has been and will continue to be right behind, beside and up on top of the hill helping and encouraging Myles along. We don't think you can Myles, we **know** you can and we are looking forward to the magic "Myles stone" occasion when we get to see you in Alice Springs in July. Go Myles!

GIVIT

GIVIT continue to impress us and never fail to show case why they are an amazing charity and perfect fit for our RBR fundraising efforts. No one ever wants to see or experience a natural disaster but when they do strike, it is GIVIT who everyone wants and needs on their side.

Recent flooding events in QLD and Northern NSW has been and continues to be a massive operation with thousands of people and buildings severely effected. Like cyclones in the North, bush fires in the South and droughts in the West GIVIT will remain committed to serving local charities, community groups and front line services in all those areas for as long as it takes to get everyone and everything back on safe and solid ground, which can take years. Well done GIVIT, our RBR community are very proud to be the fuel that keeps you keeping on, especially in time of such urgent and widespread need.

RBR over the horizon

Since 2020 and like so many businesses the RBR has been on a rough and rugged journey of survival but we are very proud of our efforts and to now see that our grit and determination to keep the dream alive has been worth the fight and we are now coming out the other side as strong and energetic as ever.

Our next and most significant step is to get the 2022 Super run and won which will all be done and dusted quite soon. Once that is off the operations bench we will have a clear view ahead and begin planning and organising 2023 and beyond.

So what's in stall? While we do not want to over commit until the Super is well and truly behind us, the outlook and thoughts at the moment is to run a one week RBR adventure next year. Most likely July. Start Sunday, finish Friday. Off the back of a HUGE Super year we feel it would be wise to take some time and financial pressure off everyone, including ourselves and make 2023 a fun and easily achievable year for everyone. This also allows the RBR door to be opened wide to attract some new entrants and invite them in to our RBR family.

Then 2024??? Yes there are some wild ideas floating around inside RB's head but it is too far off to commit just yet. Once this Super is over and we've had time to rest and let the dust settle we can all have a look and see. Whatever the next two years holds one thing is for sure, the Road Boss Rally road show is far from over.

Super Sticker

Below is the image of the 2022 Super door sticker which was made way back in 2019 and has now been updated for 2022. Only changes are dates, few route alterations and a logo adjustment, other than that it is exactly the same.

Rather than go to the complete expense of reprinting 120 new stickers, all Super entrants and officials will have the option of keeping and using the original ones they currently have, sending a new set or we can email you the file and have it printed in your local town. We will be in touch soon with everyone to see which is best suited to your needs and requirements.

Super Sublimated Shirt

Similar to everything else the art work we had set and ready to go back in 2020 has now been updated and is currently in production. Fortunately unlike the door stickers we did not have the polo shirts made before Covid came along, "phew"! Below is a sample of how they will look, which is sensational. If not before these will be handed out to all participants at the start of the Super in Launceston, Ararat or Alice, depending on your chosen departure location.

Road to Finke 2022

Once again Team Cosgrove are stepping up to tackle the iconic Tatts Finke Desert Race in Alice Springs. Only this time with two trucks. Last year RB had a crack and while out there Col Desbrow caught the bug and soon after found himself a similar looking race rig. So now we will have the RBR flag flying loudly and proudly on "Thunder & Lightning". Both race trucks are currently en-route to Alice Springs for a Finke shake down test day on Sunday 8th May then go into preparation mode ready for the great race on 12th/13th June.
